...combining quality with innovation

"In September of 2009, year after year, product after product, [our] search came to an end. We found a breakthrough in science product called DRAGONHYDE... WOW, what a product!... So to make a very long story short, DRAGONHYDE works very well and I would encourage every Dairyman to try it and keep these girls happy and productive."

Leonard, Montana
milking 134 Holsteins

T-HEXX Animal Health has developed a new and innovative hoof care product formulated for use in hoof baths. T-HEXX Dragonhyde HBC technology penetrates the cracks in the hoof, providing a long-lasting barrier that outlasts common environmental pressures and promotes health hoof hygiene. Stays on even after being exposed to mud, urine and manure slurry.
