California's Ag Day

California's Ag Day at the Capitol on March 20 featured the "World's Largest School Lunch Tray." The 8-foot-by-10-foot tray was filled with fresh, nutritious, California-grown agricultural products to highlight the bounty of food produced by the state's diverse agriculture industry.

Four hundred agriculture commodities are produced in California. The lunch tray held enough food to feed 700 school children.

About 2,000 people attended the event, and several state legislators were in attendance. Held on the steps of the state Capitol, lawmakers were invited to tour booths before they were opened to the public. **PD**
