

# WHAT Ag employees WANT

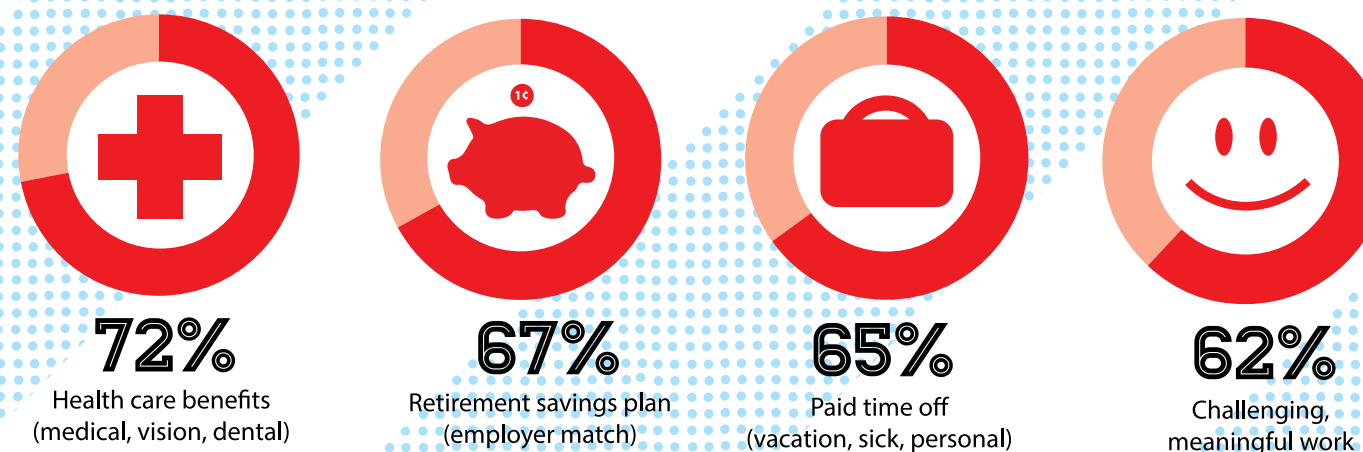

AgCareers.com is the leading online job board and human resources service provider for the agricultural, food, biotechnology and natural resources industries. They conduct several market research projects each year, including surveys of both employers and candidates in the ag industry.

This data is from the AgCareers.com 2012-2013 Insight Survey and the 2013 Total Rewards Survey. For more agribusiness-specific market research, visit [www.AgCareers.com](http://www.AgCareers.com) and select "Resources and News."
